

## A PERSONAL LETTER FROM THE BASOTHO TEAM

Greetings in the name of Jesus from the Basotho Team.

We are enclosing the special gift of a DVD of the Basotho of southern Africa that will enable you to see how you might be part of what God is doing here. As your International Mission Board workers in Lesotho and South Africa we have a passion to work with God to see a church-planting movement among the Basotho.

- ✠ *How will this be accomplished?*
- ✠ *How can you be a key player in the strategies of the Basotho Team?*

Our prayer is that you will watch the presentations on the DVD and be sensitive to the Holy Spirit as you see just the ministry God has for you among the Basotho.

The presentations on the DVD can be used:

- ▶ As a mission emphasis segment ...
- ▶ During a missions conference or worship service ...
- ▶ In Sunday School classes ...
- ▶ In any other way the Holy Spirit leads you.

Our prayer is that those who view the presentations will gain the following:

- ▶ A deeper awareness and understanding of the Basotho and their spiritual needs ...
- ▶ An insight of God's heart and vision for the Basotho ...
- ▶ A desire to join us as a prayer warrior for the Basotho ...
- ▶ A leading to become a short-term volunteer or long-term worker helping to spread the Gospel among the Basotho ...
- ▶ A vision to promote the Basotho to others who are interested in adopting a people group.

We know that God speaks to you just as He has done to us. Please share your comments with us about the presentation so we may benefit from your insight.
